Learn to Sew: Machine Sewing for Beginners

Lounge Pants

1) Fabric: Please buy One 3-yard piece of **pre-washed*** cotton woven fabric (see guidelines below). Flat cottons, batik cottons and flannel cottons work well. **No fleece or other knits.** No solid colors, stripes or plaids. *Please choose a nice print!*

2) We provide everything else! What we provide includes (but is not limited to) Brand new sewing machines, patterns, scissors, thread, elastic, pins, hand sewing & machine needles, bobbins, measuring tools & a multitude of other sewing notions and tools.

*Pre-washing and Ironing guidelines

- 1) Wash each new fabric separately in cold water in washing machine with NO SOAP OR DETERGENT. Then dry in dryer. Do not wash & dry with other clothing as some fabric colors may initially bleed. **NOTE: Please do not use perfumed dryer sheets.** We have students & instructors with asthma & perfume allergies.
- 2) Iron fabric before first class.
